A church planting project was held at Ohroakpor in Ethiope East LGA in Delta State, Nigeria. 19 persons were baptized and a lamb shelter was built for worship. This project took place from November to December, 2016

- In 2018 another Church planting took place at Ediba Omin a suburb of Calabar city. God blessed this project with a total baptism of nine and some members joined to start the new church. After one year, the membership of this church has almost doubled as those who were not baptized initially finally gave their hearts to Christ. They are worshiping in the Lamb shelter.

- In February 2019, another church planting project took place at Nyahasang, another suburb of the Calabar city. Seven persons were baptized. The Land dispute which occurred at the time of the project prevented the building of a lamb shelter, but praise God that the dispute has been resolved in favor of the church.
